

BLINDINGLIGHT LTD

Event lighting that flicks your switch

At Blinding Light, we not only have the equipment and experience to rig inspired lighting for any conference, exhibition or event, but our expert crew also deliver an enlightened level of service.

With an in-house design capability and leading edge equipment at your disposal, you'll find our approach to projects is 'hands on' and very creative. We pride ourselves on giving each client our personal attention, and can cope with jobs of any size. We're also flexible to the demands of changes to your brief, and work with independence and integrity at all times.

Specialists in lighting equipment hire and creative lighting design since 1999, Blinding Light has worked with a host of blue chip accountancy, IT and pharmaceutical firms, plus major AV companies and entertainment organisers. Our team love to get things done and relish working on challenging projects.

For added peace of mind, our equipment is regularly serviced by experienced lighting specialists, and meets all PAT requirements. Indeed, much of our kit is nearly new, so we guarantee a level of reliability to equal the unique impact of our lighting. All this and our service is cost-effective too.

With a 50% discount on all in-house equipment hire for your first project, now is the perfect time to choose Blinding Light for your next conference, party or exhibition. To work with us and receive your equipment hire discount today, [call now on 0118 930 6355](tel:01189306355) or [email sales@blinding-light.co.uk](mailto:sales@blinding-light.co.uk)

Event lighting needn't be a turn off. Let's put some inspiration into your next project.

Kind regards

Patrick Stacey
Blinding Light
