

Ronhill Elite Run

Elite Sprint Vest

This performance sprint vest in Powerlite fabric is lightweight, soft and comfortable. New Power Mesh ventilation inserts keep you cool, while flat locked seams and a transfer label are smooth against your skin.

Elite Sleeveless Tee

Lightweight Powerlite fabric wicks away moisture keeping you dry, while New Power Mesh inserts cool you down. Flat locked seams are smooth against your skin in this versatile Tee, and the transfer label stops chaffing on your neckline.

Elite Sprint Short

A close fit in lightweight, high-wicking Powerlite fabric for great performance in Track or Field, this short has a one-piece gusset for superb support and a drawcord waist to ensure a comfort fit. New Power Mesh vents are designed to help you keep your cool.

Elite Short Sleeved Tee

Constructed from Powerlite fabric, this stylish and versatile tee is lightweight and soft to the touch. Superb wicking keeps you dry and comfortable, while New Power Mesh vents help you cool down. Flat locked seams feel great against your skin.

Elite Baggy Short

Made from soft and breathable micro-polyester yarn, this lightweight square cut short stretches with your body and gives superb support with its internal brief. The drawcord waist ensures a perfect fit and New Power Mesh vents keep you cool and aid movement. Features a small internal key pocket.

Elite Short

Soft and lightweight Powerlite fabric gives great stretch and support where you need it most in this versatile short, while New Power Mesh vents keep you cool. Superb wicking keeps you dry, an internal pocket holds your keys and money, and the drawcord waist ensures a perfect fit.

Elite Tight

Designed for total comfort all year round, this Powerlite Tight keeps you dry and cool with superb wicking and New Power Mesh inserts. Ankle zips allow a quick change, while a gripper hem and drawcord waist ensure a great fit. Also features an internal key pocket for essential items.
